

Harness is a fantastic sport that contains everything you could wish for. Above all, joy and excitement. In harness, crews compete against each other in the form of horse and driver. The challenge is to be first over the finish line.

Citibet allows you to bet on harness in Malaysia, Singapore, Hong Kong.

If you want to win real money, you need to understand what the odds and betting are. You have to learn to find playable horses at good odds.

To become a winner in harness, you have to be very patient. In this guide, we tell you everything you need to know about fixed odds.

What Is a Fixed Odds?

Fixed odds are often found at betting companies such as CITIbet. When playing a fixed odds, the odds can not be changed, no matter how many have played on the same horse, the odds will not move if you have already placed the bet.

Fixed odds are controlled by sportsbooks who can do a lot of trotting and who value the horses' chances on a daily basis. You can bet on fixed odds on the same day as the races are to be decided, just like at Citibet, but on the fixed odds you can also play long-term games before upcoming major races.

If you have a winner, you can often get really good odds if you are out in good time, but here you can count on no money being refunded if the crew you have played does not show up on the starting line.

To bet on the fixed odds, of course, you must first have an account with a betting company such as Citibet and real money in your gaming account. Nowadays, this goes really smoothly with the help of secure payment methods.
